A passionate designer and programmer who enjoys solving problems and making games.

EDUCATION:

Trinity High Sixth Form

September 2019 – June 2021

A-Levels: Mathematics, Further
Mathematics, Computer Science

Abertay University

September 2021 – Present

Bachelor of Arts, Games Design and
Production

TECHNICAL SKILLS

Programming Languages:

C++, C#, Python, HTML, CSS, Java,
JavaScript

Tools:

Visual Studio, Git, Photoshop, Blender, Maya,
Substance Designer, Substance Painter

Engines:

Unity, Unreal Engine 5

Libraries:

Fish-Networking

WORK EXPERIENCE:

Tutor – Explore Learning

2020 - 2021

I taught mathematics and English to children between ages 4 and 16 over Microsoft Teams using various digital tools. I was also responsible for creating reports for each child I tutored that I would later provide to parents or guardians in meetings.

Bar and Floor Associate – Wetherspoons

2023 - 2024

I fulfilled bar and staff responsibilities such as pouring and serving drinks to customers as well as carrying out various tasks to help keep the bar running smoothly as well as adhering to a high standard of cleanliness, service, and maintenance to improve the quality of customers' experience and help maintain a good atmosphere.

Additional Training:

D of E Bronze Award

December 2017

D of E Silver Award

July 2019

PERSONAL NOTES

Recently I have been cooking and exploring various new dishes and trying different cuisines and styles.

In my free time, I enjoy Going to the Gym, Football, and playing Video Games.
